SECTION 179

TAX SAVINGS FOR YOUR BUSINESS

Put new or used equipment to work for your business and take advantave of valuable tax deductions

MAXIMIZE YOUR DEDUCTION

Qualifying equipment may be eligible for a significant first-year deduction.

NEW & USED EQUIPMENT

Both new and used equipment can qualify.

FINANCING CAN QUALIFY

Financed purchases still qualify for the Section 179 deduction.

PLACE IN SERVICE BY YEAR-END

Equipment must be purchased and placed in service by December 31.

LOWER YOUR TRUE COST

Reduce your after-tax cost, helping you invest in growth while preserving working capital.

2026 SECTION 179 DEDUCTION

UP TO $2,560,000

+ 100% BONUS DEPRECIATION

Qualifying assets may be eligible for 100% bonus depreciation without the Section 179 spending cap.

SEE THE POTENTIAL SAVINGS

Equipment Investment	$100,000
Estimated Tax Savings *assuming a 35% tax bracket	$35,000
After-Tax Equipment Cost	**$65,000**

The information presented above is not specific legal, tax, or accounting advice. Consult an accountant or other tax professional to confirm your eligibility for tax incentives and benefits.

Lower The True Cost of Your Equipment

Section 179 can substantially reduce the after-tax cost of your equipment, allowing you to invest in growth, increasing capacity and keep more of your working capital.
